

The 1st Local Consensus Building Meeting of ONPU on May 26th. 2010 in Odessa:

Taking into account some restrictions defined by our status in the project (10%PP rule) we had an opportunity of organizing Consensus Building Meeting (CBM) in the framework of a conference and for conducting an LCBM of which ONPU has allocated budget.

The first conference relevant to the I3E project took place on May, 24-28, 2010 in ONPU (Odessa). Title of the conference was

“XI International scientific-practical conference "Modern information and electronic technologies 2010" SIET-2010”

Organizers:

Ministry of Industrial Policy of Ukraine,
Ministry of Education and Science of Ukraine,
Odessa National Polytechnical University,
Publishing Center "Politehperiodika”.

Topics of the conference:

- * Section 1. Information technology and artificial intelligence.
- * Section 2. Computer systems and networks.
- * Section 3. Radio engineering, telecommunications and television systems.
- * Section 4. Design, engineering, production and control of electronic media.
- * Section 5. Functional electronics. Micro-and nanotechnology.
- * Section 6. Problems of ecological monitoring and medical diagnostics.

Official languages of the Forum were: Russian, English, Ukrainian.

Present delegates of this conference were local stakeholders from academia, industry, research, and local and/or regional governmental institutions, which work in the field of II & ES we were able to conduct a valid CBM, according to the requirements of the document “Work and Action Plan WP 3.1 – Local Consensus Building”.

This event was included into the conference agenda and was held on May, 26 in the form of :

- presentation of the I3E project
- round-table with local stakeholders from academia, industry, research, and local and/or regional governmental institutions.
